## Belfast beauty

### A TITANIC PLACE IN BELFAST

Titanic Belfast celebrates 10 years this year, on the shore of Belfast's River Lagan. This spectacular attraction is right next to the Titanic Slipways, the famous Harland & Wolff Shipyard, Drawing Offices and Hamilton Graving Dock – where the *Titanic* was designed, built and launched. Wander through nine galleries on the self-guided Titanic Experience, that tells the story of *Titanic* from her conception, through her construction and launch, to her maiden voyage and subsequent place in history. Afterwards, visit the SS *Nomadic*, the last remaining White Star Line vessel in existence, restored to her original glory and now in the Hamilton Dock. You can stay in the Titanic Hotel in the former headquarters of Harland & Wolff. Visit [titanicbelfast.com](http://titanicbelfast.com).

5. Experience the story of the ill-fated *Titanic* where it all began in Belfast.
6. You can also check out the salvaged SS *Nomadic* at the Titanic Belfast site.

7. Marvel at the majesty of Lake Bled from the stunning castle perched above.
8. Then take a jaunt in a traditional pletna boat for a tour of tiny Bled Island.

## The castle

### SLOVENIAN SURPRISE

When it comes to beauty, Lake Bled is it. From the moment you see the pure blue-green hued freshwater lake, with its crowning glory of Bled Castle sitting high on a cliff, and tiny Bled Island, with its church atop a pimple of green, you can't stop looking at it. Located in Slovenia, Lake Bled is a postcard for this green country. Take in the views from the historic castle, go in a traditional pletna boat out to the island to tour the church and ring the bell, swim in the crystal clear waters of the lake and enjoy the classic sweet of Lake Bled, the *kremšnita* – Lake Bled Cream Cake. Similar to a vanilla slice, it was invented at the Hotel Park in 1953. Where better to taste one than at the source? Visit [bled.si/en/](http://bled.si/en/).

### SWITZERLAND + QATAR = FABULOUS!

**Y**ou want a very special trip to surprise and delight you? Then consider these. First up, Switzerland's trains. They're just plain wonderful! Local trains are about as efficient and enjoyable as it gets. But even more so is the Grand Train Tour of Switzerland. Through breathtaking country, past glistening lakes and into alpine scenery, you can train 1,280 exquisite kms of the big tour or break it into sections according to what suits your loves. But whichever you choose, you'll be entertained by your window views. Check especially the Glacier Express, which provides eight hours of sublime travel from St. Moritz to Zermatt – it's spellbinding. And that's not counting all else that Switzerland offers.

Then flying there and back? Stop at the Hyatt Place, Zurich Airport The Circle overnight, to enjoy that 'holiday' before and after your main holiday. Add to that Qatar Airways, and your delightful top and tail is complete.

Luxurious, welcoming and just thoroughly pleasing, Qatar Airways business class has great space, perfectly timed attention and whatever you desire at your beck and call. The food is sublime. And the entertainment is all you require as you enjoy the comfort of your seat, or nodding off with your champagne nightcap! Thus the flights between Sydney, Doha and Switzerland are rather too short for the good time you'll be having. Then Doha Hamad International Airport and the Qatar Premium Lounge continue the pleasure.

Combine all these into one trip – trains, planes and a fine hotel – and you'll find travelling you didn't expect could be so good. And isn't that just what you want!
